Dear Johnny,

Your contributions to Journey North this year were appreciated by 45,000 participating sites and 200,000 monthly visitors to our website. We are writing to say thank you.

The comments of teachers who participate in the year-end evaluation, which is the annual "report card" for Journey North, show their gratitude and enthusiasm for the real-world, real-time resource that you help Journey North bring to classrooms.

Your generosity of time and spirit, and your dependability and willingness have been essential to our success in mapping the miracle of migration and providing online education.

We send you our heartfelt thanks for your contribution and friendship. We hope you have a wonderful summer.

Elizabeth Howard, Director

Elizabeth
P.S. Dear Johnny,
You and your crew did it again: Another season of breathtaking photos and heartwarming stories brought the miracle of the lagoons into classrooms all over North America. Your fantastic photographs have brought the whales right up close for our readers, beautifying our pages and inspiring us all.
Thank you, Johnny, for your continuing friendship!
All the very best
Jane
